METAL POLISHING

PRESENTATION IS EVERYTHING CARE INSTRUCTIONS

Make it Last! Let us help you learn how.

Your items will be professionally repaired, straightened and polished with the utmost care by Polish This, Inc. Polish This, Inc. takes the time to properly package your items to help prevent damage while in transit. When unpacking your items, please be careful not to bump them together as polished surfaces can easily be scratched. Carefully inspect each piece as Polish This, Inc. guarantees your items have been finished to the best of their surfaces' ability. For cleaning make sure to use a non-abrasive cleaner specifically made for the surface and a clean, lint free 100% cotton towel. Please remember to wipe in one direction only as keeping any fine scratches linear will help reduce their appearance. If you have any questions or concerns, please do not hesitate to contact Polish This, Inc.

Proper care of your items will ensure the finish and luster lasts a long time to come.
